Profile

As a Fullstack Web developer, with 3 years of experience under my belt, I am seeking a challenging and dynamic role in a highly innovative environment that will allow me to utilize my skills in creating robust and scalable web applications.
I have extensive experience in developing web applications using various technologies and frameworks such as React, Node.js, Next.js, Django, MongoDB and Express among others. My objective is to contribute my expertise and passion for web development to a team that values collaboration, creativity, and continuous learning.

Work Experience

Fullstack Web developer
Teneco Professional Services

📅 01/2021 – present   ⚲ ABUJA, NIGERIA

- Developed and deployed multiple fullstack web applications using technologies such as React, Node.js, Next.js, MongoDB, Django, Redux, TailwindCSS, resulting in improved user experience and increased site traffic.
- Collaborated with designers and project managers to translate wireframes and user stories into functional and responsive web designs, meeting all project deadlines and ensuring optimal functionality.
- Implemented various testing strategies, including unit testing and end-to-end testing, to ensure high-quality code and minimize bugs in production.
- Contributed to team code reviews and implemented best practices for version control using Git, resulting in streamlined development processes and easier code maintenance.

Frontend Web developer
Teneco Professional Services

📅 11/2019 – 01/2021   ⚲ ABUJA, NIGERIA

- Delivered high-quality work that meets the needs of the company's clients while also ensuring that their websites are user-friendly and visually appealing.
- Used a variety of languages like React, TailwindCSS etc to create the web pages
- Optimized page loading times. This resulted in a 50% increase in user engagement and a 30% decrease in page loading time.
- Determined the structure and design of web pages.

Personal Project

Udohs Clothing Website

GitHub – https://github.com/udoh-abasi/udohsclothingpublic

Live - https://udohsclothing.vercel.app/

Tools used – TailwindCSS, ReactJS, NextJS, NodeJS, ExpressJS, Redux ToolKit, MongoDB, Amazon Cognito, OAuth 2.0 etc.
This is a fullstack e-commerce web app that I created from scratch
I implemented full user authentication with sign- up, log in, sign-out, forgot-password, as well as the sign in with google option.

Education

Zoology | B.Sc - First Class Honors
University of Uyo
📅 05/2015 – 06/2019   📍 AKWA IBOM, NIGERIA
